

# Essentials of the LTC Director of Nursing Role

January 18 & 19, 2023

## Program Description:

LeadingAge Kentucky is pleased to announce (in partnership with LeadingAge Iowa) a virtual series that will take place in three segments over the first half of 2023 that will aid in developing the Director of Nursing (DON) role in nursing homes. Elements of this series will focus on budgeting and quality assurance; survey processes and regulations; and human resources, customer services, and leadership.

Each segment of this series is designed to provide in-depth information and discussion on each topic without taking the series in a sequential order or taking all 3 sections of the series. By making each of the 3 segments standalone, you can better address succession planning by having individuals attend as their nurse leadership skills are identified. Additional sections in this series will be added to the events calendar in March and June.

## Webinar, Live-Streaming Online Format Schedule:

- **January 18** 1:15 - 5:15 PM EST
- **January 19** 2:00 - 5:00 PM EST

*This event is scheduled in a virtual, live-stream webinar format. To meet education requirements, participants must stay for the entire event to receive credit. Sign-in and sign-out times, as well as attentiveness, will be verified before credit is issued.*

## Event Agenda: *(continued)*

### January 19

2:00 - 5:00 PM EST *(two 15-minute breaks will be scheduled during this session)*

Quality Improvement for the LTC Leader

Successful long-term care leaders need a good understanding of how the publicly reported Five-Star quality measures impacts operations and using this data to identify opportunities for improvement. During this session you will learn more on what the data reveals about your organization, turning this information to identify priority needs for improvement, and “the how” to leading teams on the Quality Assurance and Performance Improvement (QAPI) journey.

- ◆ Identify how quality measures impact nursing home operations.
- ◆ Develop strategies for quality assurance monitors to improve quality measures performance.
- ◆ Prioritize quality measures for performance improvement based on nursing home impact.

### Presenter:

**Gina Anderson, RN, BSN, Telligen**

Gina Anderson is a Senior Quality Improvement Facilitator at Telligen. She has worked in and supported nursing homes in a variety of roles for more than 25 years including an MDS Coordinator, Director of Nursing, and nurse consultant. In her current role, she supports nursing homes across the Telligen region with quality improvement enhanced assistance, education, and resources. Gina has a strong compassion for building relationships with providers to improve the lives of residents living in health care facilities.
